CRUGGLETON LEISHMAN

**First and Reserve Supreme Champion
Perth, Scotland, 1952**

His service is a feature of this sale

Cruggleton Leishman was purchased at the 1952 Perth Show and Sale at 3000 gns. He was the first prize winner in the February class of 30 bulls, went on to be the chief contender for Supreme Champion and in the finish was made Reserve Champion over some 500 bulls.

Reford Gardhouse said this decision was one of the most difficult in the entire show. Leishman was a great favorite from the time he made his first appearance in the showring. When I first saw Leishman as a calf in October 1951, I decided this was the bull I wanted. After seeing his dam and granddam I was even more convinced than ever that this was the bull for Marellbar. Knowing Bertie Marshall, I knew that I would have to return to Scotland in February to buy him.

When the show was over, I sent Mr. Bartholomay a cable. I had no idea what he would sell for and I didn't know how far I should go. A short time before Leishman came into the auction ring I received this reply from Mr. Bartholomay, "Blume, use your own judgment." Leishman is now two years old; he has been at Marellbar since last September 16. We have at present 20 cows in calf to him. He has developed even better than I hoped.

George Jackson, in charge of our cattle in the Ireland quarantine, has reported that Lavender Electra, Leishman's dam, has a heifer calf, a full sister to Leishman. We purchased Lavender Electra and her March 1952, heifer calf by Cruggleton Braemar in the Marshall dispersion last October for 1650 gns. They arrived in New York April 12th, and will be at Marellbar by May 15th. She and her heifer calf, along with with our other purchases in the Marshall dispersion, will be on display sale day. We want you to see them.—John Blume.

Invitation to Marellbar Farms

We sincerely hope you will be with us again at Marellbar this June.

Take time off on Sunday before the sale to see and study what we consider one of the great breeding herds of Shorthorn cattle in North America.

This will be our tenth sale at Marellbar since establishing our herd sixteen years ago. We have made many friends and have sold cattle in every state, and also in Canada. We have had much success and occasionally made mistakes, but our cattle have always been a great source of pleasure to us. Each year we do our best to produce better and better cattle and I am thoroughly convinced that your visit to Marellbar this year will pay bigger dividends than ever before.

When we started the idea of an Invitational Sale our thought was to help our fellow breeders and this idea has been successful is due to the loyalty of our consignors, our friends and customers. The Gates at Marellbar are always open and we will be very much disappointed if you do not accept our invitation and come in person.

CRUGGLETON PURVIS

Lot 1

Cruggleton Purvis, purchased at the 1951 Perth show and sale, is just past three years old. He has always been in pasture condition until last December when given a box stall with grain ration of oats and bran. Since we have Cruggleton Allardice, Cruggleton Leishman, and a son of Cruggleton Purvis, we are in position to sell this great young stock bull, and have finally decided to list him as Lot 1 in our catalog.

Marellbar Performer, son of Purvis, will be at the shows this year. Josh Biglands believes the boys will be worried when we show him. It takes a good sire to breed the kind of bulls you want to keep in your own herd. This is the type Purvis is. He was bred in the Marshall herd and cannot be duplicated.

Every sire and dam but Calrossie Harmony were bred by that master breeder, A. J. Marshall. All were outstanding; their records prove this statement. Two of the greatest proven sires in Great Britain, Calrossie Welcome at Calrossie and Cruggleton Bilsland at Aldie, are by the same sire, Calrossie Harmony. The breeding of the dams of these two famous sires is much the same as the dam of Purvis. Cruggleton Pandelus by Calrossie Harmony sold in Perth in 1951 for 5500 gns. This year his son sold for 3500 gns. He was one of the outstanding stock bulls in this year's sale at Perth.

The first calf by Purvis, an eight-month-old red heifer, sold to James Biggar at Perth for 800 gns. (\$2,500). We offer three sons and three daughters in this sale. They are splendid Shorthorns, I know you will like them. At our sale last year Purvis certainly had many admirers; his first calves made a big hit. By sale day this year there will be at least twenty-five calves by him, all the evidence anyone could wish for in selecting a stock bull.

BEAUFORT BOBBIN is a young imported bull by the same sire as Beaufort Bulldozer, the new herd bull at Edellyn Farms. Cruggleton Pentland Firth was bought when a few weeks old with his dam in the Beaufort draft sale in October 1951. His dam, Beaufort Clipper Maid 22nd was top-selling female of that auction, she by Millhills Arthur. The Clipper family is one of the best at Beaufort.

Good from birth he is developing into perhaps our best young bull, wearing one of the best of dark red coats. He will do well as a junior yearling this year. He is his dam's first calf. Rosewood Belle was bought at Perth in 1950, the kind you want for the dam of your herd bull. Her sire, Cluny Warspite is by the 2000-guinea bull, Uppermill Grenadier; granddam by the famous Magheramorne Commodore; great granddam, Pitpointie Rosewood 18th, bred by Robert Duncan and by Pitpointie Patron, sire of Pitpointie Tuscan. Marellbar Prefix was shown twice, winning first as junior calf at the 1952 Eastern National and third in a large class at the International.

Marellbar Protector is a late August calf by Cruggleton Purvis that has been outstanding since the day he was born. He will live up to all our expectations. His dam, Cluny Augusta Tula, is a Marshall-bred Augusta that produced our top selling heifer last June that went at \$5,000 to Hawthorne Farms, Marshall, Va. His granddam, Augusta Dolly, is perhaps the best cow in the Cluny herd.

KICKAPOO DRAMBUIE is a grandson of the 1949 Perth champion, Cruggleton Account. Westdrums Lancaster Chief was grand champion at the 1952 Canadian National Exhibition and the 1952 Western Ontario Fair. Beaufort Lancaster 34th was champion at several leading Scottish shows and a wonderful specimen of brood cow. Crichton Drambuie, his maternal grandsire, sired the first prize junior get, first prize pair of bulls, the top-selling bull and female at the 1950 International. Here's a solid red, rugged, modern type bull that could solve most any herd bull problem . . . beautifully bred, an outstanding individual.

Ina and Michael Butland, daughter and son of Mr. and Mrs. C. A. Butland, with Ina's grand champion steer and Michael's reserve champion in junior and open classes at the 1952 Kenosha, Wisconsin, county fair. Their entries were by Lawton McGregor, sire of Lots 8, 33, 45 and 46.

KICKAPOO RESOLUTE is a smooth, wonderfully fleshed, most fashionably bred, son of Cruggleton Johnston. He has a double cross of Cruggleton Adonis by Cruggleton Perfect as well as a double cross of Calrossie Sweepstake by Calrossie Randolph through Princess Mary and Uppermill Autocrat. This short-legged, strong-boned calf has the right background and will make an outstanding sire.

A view of part of the cow herd at Westmere Farm, owned by Kenneth F. Kettenhofen. From thick, short legged, heavy milking cows such as these, most of them imported, come the three heifers consigned to this sale from the Westmere herd.

The cattle this year are superior to anything previously offered, featuring a galaxy of blends from that master-breeder, A. J. Marshall, who built the most valuable herd in the world—the Cruggleton herd—dispersed last October in Scotland at a gross of £ 134,000, the most successful sale of any breed ever held in Britain.

Uniformity of colors, excellent fleshing qualities, bone, substance, thickness, early maturity and beautiful heads, are the mark of the A. J. Marshall-bred cattle. All these qualities you will find in this sale.

Standard Guarantee

OF

AMERICAN SHORTHORN BREEDERS ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calhhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

Josh Biglands and Wyoming Challenger 7th, Denver National reserve grand champion steer over all breeds. Josh has fitted and shown also the grand champion steers over all breeds at the Toronto Royal, 1932, 1936, 1937, 1938; the reserve grand champion steers over all breeds at the 1939 San Francisco World's Fair and the 1940 and 1946 Internationals.

Josh Biglands arrived at Marellbar in February this year. He is in charge of the Marellbar herd. Robert Blake is his assistant. Our visitors will be as much impressed with his work among the cattle as we are. And last but not least, Robert Biglands, now 13 years old, is showing an inclination to follow in the footsteps of his father. He has as keen an eye at picking a good one as this photo below would indicate.

Robert Biglands, 13 years old, and Marellbar Princess 17th by Cruggleton Purvis; dam, Marellbar Princess 12th by Cruggleton Allardice.
